check-in | early afternoon

Participating **dancers** gather for final registration where they meet the staff, check-in with **stage managers, outreach leaders and media directors** in order to finalize their weekend activities.

Dancers also receive their **goodie bags** which include an event T-shirt, welcome package, area information and giveaways.

project dance expo | early afternoon

Participating dancers mingle with one another as well as leading choreographers, dance directors and **area professionals** who offer **future opportunities** to attending dancers. Building community is a cornerstone of Project Dance's **commitment** to see dancers capture their next opportunity in the ever-changing world of dance.

group dance | afternoon

All participants will learn a **group dance** to be performed **Saturday**. This new feature offers individual participants a **unique opportunity** to perform and **unites everyone** attending Project Dance.

project dance live | early evening

Kicking off every Project Dance event is **Project Dance Live**. Area professional companies perform their latest works, **top dance artists** are interviewed throughout the evening, and all questions are answered about the remainder of the weekend's events. Participants enjoy music, dance, free gifts, and **gain wisdom** from those dancers who are out there making a career of dance.

project dance concert | late evening

No Project Dance event would be complete without our specialized musical concert. This optional event is geared to the dancer who desires to **meet with God**. Dancers and event volunteers take in the sounds of the soul as all prepare for Saturday's all day outdoor dance concert.

outdoor dance concert | all day

The centerpiece of every Project Dance event is our **open-air dance concert**. Historically, we have taken dance out of the studios and theaters and **onto the streets**, making dance accessible to anyone and everyone. We desire to use this family friendly concert to bring hope and healing to hearts through the **universal language of dance**.

leadership dinner | evening

Following the dance concert, **leaders** are invited to attend a casual dinner. This gives area leaders an opportunity to meet and further discuss the **future of dance** in their unique city.

Participating dancers enjoy a free evening. We encourage dancers to attend a local dance concert or **Broadway show** as a way of seeing what is being presented on our world stages.

inspirational meeting | early morning

What better way to begin a Sunday morning than with a **little inspiration**? This optional gathering always proves to be many of the dancers' favorite event of the weekend. Hear stories of how dance impacted the public, **share songs** that reflect our core beliefs, and get energized by a motivational message by one of our dance leaders.

master dance class series | late morning-early afternoon

Training is the central discipline of every dancer. Project Dance values and supports training that allows any level of dancer to stretch and **grow their craft**.

We are always excited about our **teaching staff** which include professionals from Broadway, The Radio City Rockettes, Alvin Ailey American Dance Theater, Martha Graham Dance Company, just to name a few. Project Dance is committed to bringing it's dancers **the very best training** from people who teach from a place of respect and excellence.

group registrants

Dance Companies/Groups of 10 or more should register all together. For every 10 registered dancers, 1 free registration will be offered. Directors who plan to participate (attend Friday's events or observe/take Sunday classes or perform on Saturday) should consider themselves a registered participant. Directors who are traveling with a group but not participating (only ensuring that their dancers arrive at all events) will be exempt from the registration fee. This exemption will only be offered to 1 director per group. Other teachers and directors within the group should register for the entire event.

cancellation policy

If a participant is unable to attend Project Dance after registering, 1/2 of the registration fee will be returned to that participant.

age limit

There is no age limit, however, the general focus of our event is for the dancer seeking to pursue a dance career. We recognize that some groups and companies have varied ages. We ask that young people be chaperoned appropriately.

chaperones/family members

As a registered participant, you will be notified of the policy in place for the city you are attending. When space allows, we do open the door to those who have traveled with a dancer. If a family member or chaperone wants to ensure that they are able to attend all events, they are welcome to register for the entire event.

registration

Register online at www.projectdance.com or complete the form on the adjacent page. Registration includes attendance for all weekend events including the **Project Dance Expo, Project Dance Live, the Outdoor Dance Concert Performance on Saturday, the Inspirational Service and Master Classes on Sunday.** Any participant unable to attend a portion of the event will still be required to register for the entire event. Upon registration, you will receive an email notification. Specific details for each event will be posted to participants via email.

deadlines

All registrations are due one month prior to each event and should be postmarked accordingly. Late registrants must first notify our office via email at info@projectdance.com in order to proceed with official registration.

requirements

When registering please include the following:

- payment** Send the chosen payment method for each dancer/participant. Checks should be made payable to **Project Dance**. The only method of payment accepted for participants living outside the US will be credit card payments. (no international checks/money orders)
- music** Please provide **2** copies of music for each submitted dance piece. Only CD's will be accepted and each CD should be labeled with the group name, song title & director's name.
- video** Project Dance requires all registered dancers to submit a copy of their completed dance piece for viewing approval. While this is not an audition, Project Dance reserves the right to make performance suggestions and adjustments for you or your group in the area of costuming, music and content. All dance pieces should be family friendly. If you are submitting more than one piece, please be sure to record them in order of preference. Late submissions will not be guaranteed a performance slot. Your video should include the costume for the piece.

The final show order for each city is completed approximately 2 weeks prior to the event. Therefore, we recommend that dancers/groups rehearse all submitted pieces leading up the event. Though we only guarantee one performance per registered dancer, we are often able to include the 2nd and 3rd choices for each participant.

solos Should not exceed 3 minutes in length

group pieces Should not exceed 5 minutes in length.
